"After finding The Healthy Mummy when my baby was three weeks old, I started on The Healthy Mummy Smoothies and they were my saviour! I went from only eating dinner to finally having filling and nutritious breakfasts and lunches that I could have on the go and with my hands full. The smoothies also made a fantastic difference to my supply, which was a massive help when bub was feeding continually. With the help of The Healthy Mummy program and smoothies, I was able to lose 30kg in 12 months, while feeding my bub."

WHAT BREASTFEEDING MUMS SAY ABOUT THE SMOOTHIES

CAT HAS LOST 30KGS

"I struggled with my milk supply with my first baby and only managed a week or two of breastfeeding.

I started using The Healthy Mummy plans when she was about eight months old. By the time I had my second baby, I had been using The Healthy Mummy Smoothies for a few years, along with the meal plans. I successfully and exclusively breastfed him for seven months before returning to work.

I know my breastfeeding success was due to using the smoothies to maintain my supply. They were full and nutritious meals I could make in under five minutes, ensuring I was eating enough of the good stuff to meet bub's needs.

Having a meal you can make in five minutes

and one-handed makes life with a newborn so much easier. I have lost more than 30kgs safely using The Healthy Mummy Smoothies and meal plans."

CAT CHRIST

"After struggling to meet the feeding demands of my firstborn, I was ecstatic to be able to feed our second child to 19 months, while losing weight with The Healthy Mummy Smoothies.

I'm now feeding our third baby, and six months in, I have lost almost 20kg and I have never felt so confident with my supply thanks to my daily Healthy Mummy Smoothies."

WHAT THE EXPERTS SAY...

SALLEE DWYER
 Registered Midwife/RN &
 Director of Midwife to Mum
 "I have purchased a variety of weight-loss shakes in the past and, generally, I am not a fan. I purchased the program with the smoothies, wanting to give myself the best opportunity to lose the weight. I was pleasantly surprised at how delicious the smoothies are.

They contain a multitude of ingredients and they were a great breakfast or afternoon snack when I needed a boost. The shakes are helpful for mums who are on the go and breastfeeding, and they complement a balanced diet."

KATHLEEN ALLEAUME
 Nutritionist, Author and Mum of 2
 "The smoothie is an excellent meal replacement and a perfect weight loss solution when partnered with a well-balanced eating plan and physical activity. The GI (glycemic index) of the smoothie is low, meaning the carbohydrates (our primary source of fuel) release slowly, blood sugar levels remain stable and hunger pangs at bay. Best of all they taste fantastic! The smoothie is perfect with your favourite antioxidant-rich fruit for a snack, or to include as your breakfast or lunch."

frequently asked questions

HOW IS THE HEALTHY MUMMY SMOOTHIE DIFFERENT FROM OTHER SHAKES?

We are proud to say that our smoothie is free from any fillers and weight-loss accelerants. Many weight-loss shakes contain fillers and weight-loss accelerants to trick your body into short-term and unhealthy weight loss. These artificial fillers make your tummy feel temporarily full, are not natural and the long-term effects are not known. The Healthy Mummy Smoothie contains wholefoods and 24 vitamins and minerals. The product is high quality and every ingredient in the smoothie has been included to be of benefit to your health. Most shakes do not provide this high quality of ingredients.

IS THE SMOOTHIE A MEAL REPLACEMENT OR A SUPPLEMENT?

Our smoothie is a formulated meal replacement and has passed International Food Standards. Our focus is on optimal nutrition, and the smoothie provides your body with more than 24 vitamins and minerals. Some other shakes on the market are only a protein shake or supplement; this means they cannot be used as a meal substitute, as they do not contain enough nutrients and energy to fuel your body.

IS IT SAFE FOR BREASTFEEDING MUMS?

We do not use any caffeine or weight-loss accelerants in our smoothies, so it is safe for breastfeeding mums. We have also included fenugreek in the smoothie, which is said to boost a mother's milk supply. We receive thousands of emails each month from mums on our plans who report improved milk supply from using our smoothies. However, if your baby has any food sensitivities or suffers from colic, we recommend talking to your doctor before changing your diet or using our products and plans.

IS THE SMOOTHIE A WEIGHT-LOSS AID?

In order to lose weight, a person must use more energy than they consume. The Healthy Mummy Smoothie aids weight loss by providing a calorie controlled, low carbohydrate, high fibre and high protein meal replacement - which is a satisfying meal and keeps you feeling full. It does not contain any weight loss accelerants but the natural ingredients help you to feel fuller for longer and fuel your body with the nutrients it needs for energy and health. The smoothies can be used alone or in conjunction with the 28 Day Weight Loss Challenges which are an online meal and exercise program.

PLEASE NOTE, IF YOUR BREASTFED BABY HAS COLIC OR FOOD SENSITIVITIES, WE DO NOT RECOMMEND CHANGING YOUR DIET WITHOUT TALKING TO YOUR DOCTOR. WHEN INTRODUCING ANY NEW FOOD INTO YOUR DIET, WE ADVISE BEING ALERT TO FOOD SENSITIVITY IN YOUR BABY, SUCH AS A CHANGE IN BOWEL MOVEMENTS. DISCONTINUE ANY NEW DIET PLAN IF A FOOD SENSITIVITY OCCURS.
